**Representative Vicki Strong** has served in the Vermont legislature since 2011. She's a tireless advocate for Life, and serves as the Vermont chair of the National Association of Christian Legislators. A Gold Star Mother, Vicki has sought to honor her son Marine Sgt. Jesse Strong's sacrifice for freedom, and has found many ways to honor our military. Vicki serves on the board of Rural Edge, a Lyndonville housing nonprofit organization. She confesses that she is slightly addicted to chocolate and to hugging her grandson.

Dr. Swain is a political scientist and former tenured professor at Princeton and Vanderbilt Universities, now serving as Distinguished Senior Fellow for Constitutional Studies for the Texas Public Policy Foundation. Dr. Swain is the author or editor of 11 books, including the best seller, *Black Eye for America: How Critical Race Theory is Burning Down the House*. **Peter R. Breggin MD** is known as “The Conscience of Psychiatry” for his many decades of reform work in the the mental health field, but has now turned his attention to the misuse of science surrounding COVID-19 and its origins, in what he and his coauthor Ginger Breggin are calling assaults by "global predators." He is an intrepid scholar & methodical as he assembles all the pieces to the puzzle. His research, carried out with his wife Ginger, is impeccable, and his incisive approach sears the neck of those who seek to wield power and instill fear among the world's wealthiest nations.
